

QUAKER VOLUNTARY ACTION WORKING RETREAT SLOVENIA

16th – 23rd September 2017

**An opportunity to combine practical learning with time
for spiritual reflection, enjoyment and fellowship**

We shall be staying in Ljubljana, the green capital of Europe 2016, and Ljutomer, further to the east. Our main purpose will be learning from sustainability success stories across the capital and engaging in practical permaculture in a more rural region where we will also visit a thermal spa. There will be options to explore by hire bike, have an excursion on a solar bus, and participants are encouraged to travel to the project by train if this is feasible.

Our theme for reflection focuses on prayer – individually and in unity with others. Whatever form our faith may take, we are free to pray in a way that is true for us. Drawing on inspirational texts, other resources and our own stories, we can share what we have discovered so far on our journeys. There will be opportunities to explore our joys, challenges, dilemmas and hopes, through creative prayer.
