REDISCOVERING HOME – ECOLOGICAL PRACTISES FOR HUMANITY *AN ONLINE RETREAT*

What is an 'online retreat'?

Our aim is to create a virtual space together in which we pause, reflect and imagine – a retreat in spirit if not in person and a way of connecting with people far and wide.

What is 'Rediscovering Home' about?

The present is a time of awakening to environmental crisis. We know society needs to change and there are a bewildering array of ideas and options for how we engage with that change. This retreat aims to explore some ideas and movements that have helped individuals reorient themselves to the earth, rediscovering it as our common home. Topics will include permaculture, community food growing, personal change and faith & environment.

What will be involved?

Each session will include a short talk and interactive discussion / activities on the theme of the evening. Participants will be provided with electronic resources including suggestions for reading, activities and reflection.

When will it be?

Wednesdays *April 21st & 28th,
May 5th & 12th* 2021, 7.30pm – 9pm (UK time) via Zoom.

What will it cost?

Participation is £40 per person

Who can participate?

Anyone of any age or background. Places are limited to 16 participants.

How to apply...

Write to retreats@qva.org.uk
or call 07530 844611.
